můj dům

Traditional magazine about living in family houses each month acquaints those interested in living in a house with new individual and type buildings and renovations. The magazine does not avoid progressive construction technologies and modern interior realizations. We consider the topic of gardens to be as important as building a house and therefore we cooperate with the best experts in the field of landscape architecture. My house is the organizer of the prestigious inquiry House of the year. A catalogue of family homes is published once a year as a part of the Můj dům magazine.
